### LETTER FROM MEGAN

In the weeks and months after the terrorist attacks of September 11th, we all vowed to live differently in one way or another. It may have been a commitment to living a more grateful life or not to take things for granted anymore. It may have been hugging more and saying "I love you" more freely. Well, here we are, almost 20 years later and because of all of you, Heartworks is able to do our best to keep the consciousness of that time alive and well. Because of your support, we are still here, keeping compassion, giving and caring for one another at the forefront of our mission. Thank you for being a necessary part of our dedication to continuing the kindness that was born that day. This past year you have helped us support families facing illness and grief on top of a world pandemic. Your dedication to Heartworks has brought ease and moments of relief to some very heavy situations. We are always appreciative of your trust in us. Thank you from the bottom, sides and top of our Heartworks hearts. ♥

In Gratitude,
